PROFESSIONAL SUMMARY

I am a Full Stack Developer with more than 4 years of experience. I have hands-on experience in developing projects through all phases of the Software Development Life Cycle (SDLC). Fully versed in designing and developing web and mobile applications using advanced and latest technologies NodeJs, ExpressJs, Angular, React, React Native, MongoDB, MySQL and more. I have been part of an agile team using agile methodologies to deliver projects. I am creative, problem solver, and an effective team member who communicates closely with the team while developing a project. I believe that my creativity and tenacity will be an asset to your company.
